

Flexible plywood for curved applications

Product Description

Austral Bendy is a flexible plywood panel that makes curved applications easy, without sacrificing appearance. Stable, light and easy to handle, Austral Bendy is constructed using only Araucaria (hoop pine) veneers, presenting a tight smooth face perfect for either painting or staining. The recommended minimum bending radius for Austral Bendy is 200mm. Austral Bendy is 4mm in thickness and available in both long-grain and short-grain to suit almost any bending application.

Manufacturing details

Species:	Araucaria (Hoop Pine)		
Dimensions:	1200 x 2400, 2400 x 1200mm		
Thicknesses:	4mm		
Glue System:	A-Bond Phenolic (black glueline)	Bond Warranty:	25 years
Prefinished:	No		

Certifications and technical details

Environmental Certification:	RW/PEFC
