# AUSTRAL FR PANEL

Group 2 fire retardant panel with natural veneer

Product Description

Austral FR Panel is a fire rated appearance grade panel for walls and ceilings. Constructed using a Group 2 fire rated MDF core, Austral FR panel is overlaid with 0.6mm Araucaria (hoop pine) veneer. This ensures that each panel is naturally unique, and with the select 'A' grade veneers used, the panel is suitable for clear finishing. Austral FR Panel is tested and certified to AS5637.1.
